

## News Release

### ***Suven's partnering and fundraising activity at C21 BioVentures™***

**HYDERABAD, INDIA (May' 25 2010)** – **Suven Life Sciences** is a biopharmaceutical company focused on discovering, developing and commercializing novel pharmaceutical products, which are first in class or best in class therapies through the use of GPCR targets in CNS disorders for unmet medical needs with \$20 billion market potential, today announced that it is participating at **12th Annual C21 BioVentures™ (C21)**, at **Napa, California, USA from May 25-27, 2010**.

**C21 BioVentures™ (C21)**, the leading conference where early stage innovators, investors and pharma partners come together to do the deals for global partnering. C21 puts you at the center of the investment and partnering community and provides an open format to connect with the funding partners.

With the targeted audience of senior executives and industry leaders from pharmaceutical, biotechnology and venture capital communities, C21 provides the greatest opportunity for relationship building, facilitating discussions on financing opportunities with an unparalleled opportunity to create new value generating partnerships.

Mr.Venkat Jasti CEO of Suven is scheduled to discuss the company's corporate overview, business strategy, fund raising and partnering activity by presenting their Phase 1 clinical candidate **SUVN-502 for cognition in Alzheimer's and Schizophrenia** at the **C21 BioVentures™ 2010** where the world's top notch investment professionals will present along with the most innovative companies who are decision makers.

The Company has twelve (12) internally discovered therapeutic drug candidates **currently, in pre-clinical stage of development targeting conditions such as ADHD, dementia, depression, Huntington's disease, Parkinson's disease and obesity in addition to** developmental candidate SUVN-502 for Alzheimer's disease and Schizophrenia.
